Contingencies: a budgetary reserve to provide for emergency or unanticipated expenditures during the fiscal year.

Capital assets: assets of a significant value having a useful life of several years.

Capital outlay: expenditures for the acquisition of capital assets.

Capital expenditures: items that normally last more than one year and cost more than a specified dollar amount; capital general includes personal property such as vehicles, computers, office furniture, and playgroups equipment.

PITTSFIELD CHARTER TOWNSHIP
Year 2022

Glossary of Terms

Mill: how property tax rate is expressed with one mill being one-tenth of a percent. As applied to property taxes, a one-mill rate yields \$1 of revenue for every \$1,000 of assessed value. For example, a property tax rate of 68.5 mills as applied to a \$120,000 property assessed at 20 percent of market value would yield \$1,644 ($120 \times 0.2 \times 68.5 = 1,644$).

Millage rate: the rate used in calculating taxes based upon the value of property, expressed in mills per dollar of property value; a mill is equal to 0.1 percent.

Special revenue fund: funds broken down into a number of individual units whose use is earmarked for a specific purpose; these might include federal and state grant funds, specialized fees, etc.

Truth-in-taxation: the Township board must reduce its tax rate on last year's tax base so that it does not generate more revenue than the amount it did during the prior year. The Township board must hold a public hearing and advertise the hearing in a newspaper of general circulation in the area. The public hearing can be held in conjunction with the regularly required hearing on the Township budget.

Zoning board of appeals (ZBA): this body serves as the first step in the appeals process as it considers requests for relief from zoning rules that may be too stringent under certain circumstances. Its main duty is to consider appeals from previous decisions regarding requests for variances and special use permits allowed in the zoning ordinance.
